**RE: Request for Information from Carleton Iron & Metals, Inc.
Site: 1198010003 - Madison County
Chemtco Site**

To Whom It May Concern:

I am the Corporate Attorney for Carleton Iron & Metals, Inc. The owner of this business had been Roger Harwood since its inception. Roger Harwood died on July 25, 2003. The business is now operated by his daughter, Tracy Cobb.

Ms. Cobb faxed to me a letter dated February 22 2008 from your agency. I have spoken to Tracy Cobb who manages the business and has been involved with Carleton Iron & Metals, Inc. for approximately 18 years. Tracy Cobb has searched the Corporate Records of Carleton Iron & Metals, Inc. and has absolutely no record of any scrap metal or any material of any kind being shipped to the Chemtco Site in Hartford/Madison County Illinois.

The records that Carleton Iron & Metals, Inc. searched included their computer data base as well as physical records that go back slightly more than 7 years. There are absolutely no records indicating that any shipments were made to Chemtco Site in the State of Illinois. Had there been any shipments the records would have reflected that.

In addition to searching the Corporate Records, Tracy Cobb has spoken to a current employee of the business to see if they ever recall shipping any loads of scrap to Chemtco in Illinois. There is absolutely no one that recalls shipping any scrap or material of any kind to Chemtco in the State of Illinois.

Attachment B to the letter of February 22, 2008 is not being answered as no shipments were ever made to Chemtco in Illinois.

For your tracking information, I am enclosing herewith a copy of the cover letter that was sent to Carleton Iron & Metals, Inc.
